

Year 5

Dear Parents and Carers,

We have had a lovely, sunny week in Year 5. The children have started drafting their historical diary entries (based on our class text, *Diver's Daughter*). We completed our maths topic on perimeter and area and began our new topic 'statistics.'

In Science we investigated the factors that affect dissolving and in Geography we completed our topic – would you like to live in the desert?

Another highlight of the week was when our One World representatives joined Mrs Walker for the CAFOD soup kitchen at St Joan's.

Thank you for your continued support,

Mrs Peneda, Mrs Maliphant and Mrs Prentice

Homework:

Year 5 Weekly Challenge

(Optional – for those who enjoy an extra challenge!)

Year 5 Line Graph Challenge: The London Marathon

The line graph shows **Runner A's speed (in km/h)** at different points during the London Marathon.

Speed Data

- 0 km → **10 km/h**
- 5 km → **12 km/h**
- 10 km → **14 km/h**
- 15 km → **13 km/h**
- 20 km → **11 km/h**
- 25 km → **12 km/h**
- 30 km → **10 km/h**

(You can sketch the line graph using these points.)

Challenge Questions

1. Between which two distances did Runner A speed up the most?

Explain how you know from the line graph.

2. At what point in the race was Runner A running the fastest?

Use evidence from the graph to justify your answer.

3. The commentator says:

“Runner A kept a steady pace for the whole race.”

Do you agree? Use the line graph to prove your answer.

4. Estimate Runner A's speed at 18 km.

Explain how the shape of the line helps you make your estimate.

5. Extension Challenge

If Runner A continued slowing down at the same rate after 30 km, **predict their speed at 35 km.** Explain your reasoning clearly.

Homework expectations

Homework club will start Friday 24th April.

Please support your child to complete **all** homework tasks set for them each week. Check to see if your child has any outstanding Maths tasks on Maths.co.uk and please allow them to complete these as soon as possible. In doing this, you will be reinforcing classroom learning and it will give you essential information about how your child is progressing in that area of learning.

- x1 Maths.co.uk assignment
- x1 Accelerated Reader quiz per week (at least)
- Times table rock stars 21 minutes per week (at least)
- Weekly spelling practise

Please come and chat to your child's teacher if you have questions about this. Thank you for all you do to support your child's learning in school. It makes a huge difference to their academic progress and their confidence in class.

Maths homework will reflect the learning that is done in class during each unit. It is set every Friday on Maths.co.uk. Logins have been sent home. We suggest that children write down their working out on paper when completing the questions from maths.co.uk before entering the answer electronically. Sadly, paper copies cannot be provided. Children are not required to hand in their answers. If you would like further practice, you can use MathsBot.com Year 5 Arithmetic.

At St Polycarp's we follow the White Rose Maths Scheme and wanted to signpost the helpful videos which are available to parents and pupils free of charge.

Here is the link for the White Rose videos “Maths with Michael.”
It is on the website under the maths section as well.

Weekly Spelling Quiz Update

From Spring term, weekly spelling quizzes will include 6 spellings from the current week's list, 2 from the previous week and 2 from an earlier quiz within your child's year group. This approach uses retrieval practice, which helps children strengthen their memory and move spellings into long-term retention, rather than just learning them for a single test.

Please don't be concerned if scores dip slightly at first while children adjust to this format - this is a normal part of the learning process and will support stronger spelling knowledge over time.

Spelling homework:

Spellings are set every Friday with a spelling test the following Friday giving children one week to learn them.

Reading

Please see below for the Key Stage 2 reading guidance. When the children finish reading a book, they need to complete an online quiz at home before changing the book.

Children should aim to complete as many quizzes as they can but are expected to complete at least 3 quizzes per half-term.

We have noticed that there are still some children who have not completed many quizzes since start of term. Check that your child is completing the reading quiz – this is part of their weekly homework. Children can complete the quizzes at school during lunchtime homework club on Fridays if they are not able to do them at home. Please ask them to speak to their class teacher about this.

[Find the link to AR here.](#)

Reading in Key Stage 2

Handy Hints

- Make reading part of your daily routine.
- Short sessions – **15 minutes per day.**
- Continue to read out loud to an adult as well as independently.

- Try to read a range of books including fiction and non-fiction.
- Complete the Accelerated Reader quiz at home, ideally within 24-48 hours of finishing the book.

How can parents help?

Reading improves with practice.

Encourage your child to read at home, share your own books, discuss books, ask questions about the book they have read and visit the local library.

Handwriting

Handwriting videos are now available to access at home. The children have great fun following these in school. Please follow the following link :

<https://schools.ruthmiskin.com/training/view/2xyKsbDJ/rrlDh5Ta>

Times Table Rockstars (TTRS)

As a guideline, **children should aim to practise their times tables as much as possible, preferably daily.** Please encourage the children to practise those times tables which they are less secure with.

If you have any questions or messages for your child's class teacher, please come and speak to us at the end of the day or email info@stpolicarps.surrey.sch.uk.

We do not time the children but give them a position number as they pass the finish line. The idea at each race is to do as well as they can and try to beat their personal best position. Parents are welcome to watch the races. Once your child has raced, **please do not collect your child directly from inside the running funnel.**

There will be medals awarded for 1st, 2nd and 3rd places in each race. There are also cups for the best boy's school team performance and the best girls' school team performance. In addition, the Bell cup is awarded for the school scoring the most overall points. The point system is based on our top six finishing positions in each race.
