

Year 2 - School week beginning 01.07.24

Dear Parents and Carers,

Another week closer to the Summer holidays – we all can't wait! This week we enjoyed experiencing the varied opportunities on offer at the careers fair. This gave children lots of ideas about what they want to be when they grow up! We were also lucky enough to attend the Year 6 dress rehearsal for their big end of year show. We are also looking forward to coming together for the school summer fair on Saturday – we hope that you can make it too!

Upcoming Events

6th July – Summer fair

11th July – Move up afternoon

12th July – End of year reports released to parents

15th July – DT Day – Ice lolly making (please see below)

17th July – Whole school mass – Y6 leavers

19th July – Whole school end of year celebration collective worship – Children's leadership opportunities will be announced for the following year

19th July - End of term – ½ day

DT Day – 15th July-

The children will be creating their own ice lollies, and we ask that they bring in some ingredients to support them in this process. Please can children bring; chopped fruit (**please do not bring in whole fruit as we will not be using knives as part of this lesson**), a small carton of juice/squash/smoothie. As a team, we will provide the moulds to make the ice lollies and any surplus ingredients we think the children might want to use (dependent upon allergies). Children will then eat their creations the next day at school.

This week's homework update

Thank you for your continued support with the children's spelling practice. As we come into our final few weeks, children are consolidating their learning in preparation for KS2. Please continue to engage with EdShed in the final few weeks as children will continue to be quizzed up until the end of term.

Thank you for continuing to support your child in accessing the accelerated reader program. We can see that many children are engaging with the platform. As a reminder, children **must bring their books to school daily** to enable them to read a book associated with their ZPD. This is incredibly important for their reading development. Please also remind your child to change their book regularly once they have finished their online quiz.

As per our previous newsletter, please find the link for Accelerated reader below. [This is the link to the Accelerated reader webpage.](#)

As always, if you have any questions, please do not hesitate to contact us at the gate.
